Education

Shri Shankaracharya Professional University	2023 – 2027
B.Tech in Computer Science and Technology (CST)	89.3%
St. Thomas Public School	2023
Senior Secondary (Class XII, CBSE)	87.4%
St. Thomas Public School	2021
Secondary (Class X, CBSE)	94%

Skills

- **Languages:** JavaScript, C++
- **Frontend:** React.js, TypeScript, HTML, CSS, Tailwind CSS, Bootstrap
- **Backend:** Node.js, Express.js
- **Databases:** MongoDB, MySQL
- **Tools:** Git, GitHub, VS Code, npm
- **Core:** Data Structures & Algorithms, OOP, REST APIs

Projects

- HireAllytics (AI Resume Analyzer)** GitHub
- Developed a resume analysis platform that evaluates resumes against job descriptions and generates actionable feedback.
 - Designed an ATS scoring system using keyword matching, resume structure, and content quality analysis.
 - Built a responsive frontend using React.js, TypeScript, and Tailwind CSS.
 - Integrated PDF processing, resume preview, and cloud storage using Puter APIs.
- Connectify (Real-Time Video Conferencing App)** GitHub
- Built a full-stack video conferencing application using MERN stack and WebRTC.
 - Implemented multi-user video calls, meeting rooms, and real-time signaling using Socket.IO.
 - Developed backend APIs and integrated MongoDB for efficient data handling.
 - Designed a responsive UI with seamless user interaction and media controls.

Achievements

- Secured **1st rank** in B.Tech Computer Science Technology during **1st and 2nd academic years**.
- Achieved **2nd position** in a **UAV Drone Bootcamp Competition**.

Hackathons

- Finalist at **HackOMa Nia 2K25**, a national-level hackathon, demonstrating strong problem-solving, teamwork, and rapid prototyping skills.

Certifications

- Bootcamp on Guidance and Path Planning for UAV – IIT Bhilai (MeitY, Govt. of India)
- Delta (Full Stack Web Development) – Apna College
